PERSPECTIVE

New Traditions: Khiyah and Hanthorne

Hans Sherman
Feature Writer

In the eyes of most returning Graceland students, not much has changed on campus. The grounds are still being excavated, the food is still delicious. But for 60 freshmen women, there is added excitement in being part of the creation of new traditions, as members of the two recent additions to Graceland Residence Life; Hanthorne and Khiyah halls.

Juniors Amy Hough and Kristi Hettrick were given the positions as the House Presidents of Hanthorne and Khiyah, respectivly, last year. After forming their house councils the search for hall titles began.

"We wanted a hall that sounded different. And since there are plenty of things named after men who served Graceland, we wanted to honor a woman who also served the school. So we picked Hanthorne." explains Amy Hough.

The hall is the namesake of Cleo Hanthorne Moon who helped expand the library in 1918 and shape and direct much of its policies until the new library was built in 1967 . She was also responsible for forming active groups for women on campus. Chosen to represent Hanthorne Hall around Graceland is the symbol of the sun and the colors purple and gold.

When asked what the atmospere was like on a brand new hall Kristie McLeod had a response.

"Its pretty loud, but we're meshing quite well."

In contrast the members of Khiyah went searching elsewhere for their hall name. Apparently Dr. Barbara Hiles-Mesle of the Humanities Department helped select the name, which means "Mother Earth" in Hebrew.

"If you take away the first "H" in Khiyah, it also means 'season of new beginings' in Swahili," comments Kristi Hettrick on the selection of the new title.

As a house symbol, they have chosen what some say looks like the Mitsubishi sign. The three interlocking diamonds is a Nordic symbol for 'Heavenly Power' and further promotes their environmental theme. Khiyah has selected the colors burgandy and silver for their hall.

Both house presidents expressed hope that their halls will continue to be involved in campus activities and become an extra comfort for their members.

" No matter what happens on campus, they can always find support and safety on the hall from friends," Kristie expressed.

The additions of the new halls are more than additions to an old building , they are an extention to the Graceland family. Welcome.

HER THIRD CALF WAS FEMALE, THALASSA, WHO WAS BORN IN 1985. IN 1992 SHE RETURNED WITH A CALF OF HER OWN. IN 1987 AND 1989, SALT HAD TWO MORE BOYS, BRINE AND BITTERN. HER LAST CALF, SALSA, IS FEMALE. Cross Country- Graceland College Men's and Women's Cross country teams are off and running for the 1994 season.

On September 10th the teams both ran well at the William Jewell Invitational despite the difficult course and hot weather. The Women's team placed fourth once again behind 3 ranked teams. Leading Graceland was Julie Thompson, then Caryn Crocfer, Megan Clinefelter, Tiffany Rasmussen, Dawn Smith, Mary Lou Sanroman and Dana Darby.

The men's team ran well with our top runner Jason Lokken finishing 8th overall and next came Jamie Rodgers, Chris Bessonette, Mick Sederburg, Chad Olson, Scott Byrum, Nat Matya. The team finished 7th overall and showed great improvement.

Way to go ladies!

Hey, Was Bob in There?

Yes, sports fans, we have a winner. As expected, the "Hey, is Bob in there?" game was found to be pleasurably challenging to many. When the stall doors opened though, there remained only one champion, the now smelly, toilet loving, women of Khiyah. With brute and brawn they managed to squeeze twenty willing, and unwilling, females into one stall. Hanthorne House was robbed of first by only one body, as they completed their efforts with a total of nineteen. In third was Amici, who may have been handicapped by smaller stalls inside sources say, yet they pushed in thirteen members to claim a spot in the top three. We would like to thank all of you who participated, and give special recognition to that brave soul who played solo, and had enough guts to turn it in, (you know who you are). In closing, we present to you the twenty toilet stall specialists who went where no woman or man has gone with so many before. Congratulations Khiyah, but we have one question, was Bob in there?
